SUBJECT: Change to the DoDFMR, Volume 7A, Regarding -
Basic Allowance for Subsistence (BAS), (DFAS Item G-59)

Attached is DFAS Interim Change 15-98 of the DoDFMR, Volume 7A. It is effective retroactively to January 1, 1998.

This change is a total rewrite and replacement for Chapter 25 of DoDFMR, Volume 7A. The purpose of this change is to implement the Partial BAS provisions which were established by the FY 1998 National Defense Authorization Act. This change includes the elimination of prorating of BAS when changing between rates by making all changes effective at the end of a day. The change also makes provisions for equitable treatment of officer and enlisted members when subsisted by foreign governments on behalf of the U.S. government by establishing uniform collection procedures.

We have evaluated your comments on the draft change to the DoDFMR, Volume 7A. The attached final version of the change includes your comments where appropriate.

Assignment of an interim change number is your authority to start a procedural modification to facilitate this change. For the Denver Center, use the attached to initiate the formal printed change to the DoDFMR and the interim change message.

Our point of contact, Mr. Gary McGee, may be contacted at DSN 332-5280 or Commercial (703) 602-5280.

BASIC ALLOWANCE FOR SUBSISTENCE (BAS)

1. Revise Table of Contents by replacing the entries under Chapter 25 with the following:

2501 GENERAL PROVISIONS.....	25-1
2502 BAS POLICY AND DETERMINATIONS RESPONSIBILITY....	25-3
2503 CONDITIONS OF ENTITLEMENT.....	25-6
2504 BAS RATES.....	25-7
2505 MEAL COLLECTION RATES.....	25-7

2. Revise the definitions at the beginning of the volume by replacing the entry for GOVERNMENT MESS with the following:

Each of the following is a Government mess if used by or made available to the member, regardless of a charge assessed to officers:

1. general or Service organizational mess, including messing facilities of a state-owned National Guard Camp;
2. Marine Corps officers' field ration dining facility, an officers' wardroom mess, or warrant officers' and chief petty officers' mess afloat; or
3. box lunches, in-flight meals, or rations furnished on military aircraft.

In-flight snack meals purchased at the member's option before boarding a military aircraft and meals furnished by commercial air carriers (including AMC charter flights) are not meals furnished by a Government mess. A mess established and operated primarily for enlisted member subsistence is not a Government mess for officers unless the mess is, used by or made available to officers.

4. Replace the entirety of Chapter 25 with the following:

CHAPTER 25

BASIC ALLOWANCE FOR SUBSISTENCE (BAS)2501 GENERAL PROVISIONS

250101. Authority. Except as otherwise provided by law, members who are entitled to basic pay are entitled to BAS under the conditions set out in this chapter.

A. Enlisted Members. These members may become entitled to one of the following types of BAS on a daily basis:

1. Full BAS at the rate:
 - a. When rations in kind are not available (RIKNA);
 - b. When permission to mess separately is granted (SEPRATS); or
 - c. When emergency ration conditions are approved (EMRATS).
2. Partial BAS at the rate when subsisted in kind.

B. Officers. Generally, officers entitled to basic pay are entitled to a full BAS at all times on a monthly basis. Officers are not entitled to a partial BAS.

C. Advance Payments. Advance payment of BAS is authorized under the circumstances specified in part four, chapter 32.

D. Effect on Overseas Station Allowances. BAS under this chapter is in addition to the overseas cost of living allowances authorized by Joint Federal Travel Regulations (JFTR), volume 1, part B, chapter 9 (reference (d)).

250102. Specialized Terms. Apply the following terms to BAS determinations:

A. Government Mess. See the Definitions.

B. Subsisted in Kind. Applies to enlisted members who do not receive any of the full BAS types because they are furnished meals or rations at no charge from an appropriated fund dining facility or are subsisted at no charge on behalf of the government.

C. Appropriated Fund (APF) Dining Facility. A generic term used in lieu of Government mess, general mess, dining hall, dining activity, dining facility, mess hall, galley, field kitchen, flight kitchen, or similar terms used to describe dining facilities funded totally by appropriated funds. It excludes activities operated by non-appropriated fund instrumentalities such as officer's mess, club, organized mess and all similar terms.

D. Subsisted at Government Expense. Applies to all members:

1. Subsisted in kind; or

2. Furnished meals or rations on behalf of the U.S. Government. Meals or rations furnished without charge by a government contractor or a foreign government or through a fellowship, grant or intern program while a member is receiving basic pay, at their permanent station, either under the terms of a contract or agreement or on a complimentary basis are considered to be furnished on behalf of the U.S. government.

E. When Rations in Kind Are Not Available. Applies when a government mess is, in fact, not available. It also applies to situations where it has been determined that it is impracticable for the government to furnish subsistence in kind.

F. When Permission To Mess Separately is Granted. Applies to enlisted members authorized to subsist themselves independently while on duty at a permanent station where a messing facility is available for subsisting them. The term also applies to enlisted members during periods of hospitalization, authorized leave (including proceed time), authorized delays en route between duty stations chargeable as leave, and travel status under orders away from their post of duty (to include TDY/TAD, PCS, and travel in connection with hospitalization or convalescent leave). This term does not apply when an enlisted member in a travel status is not entitled to the subsistence portion of per diem because such member is subsisted at government expense.

G. When Emergency Ration Conditions Are Approved. Applies to enlisted members assigned to permanent duty under conditions requiring extraordinary expenses for subsistence where no government messing facilities are available.

H. Partial BAS. Applies to enlisted members receiving basic pay who are being subsisted at government expense and not receiving any of the types of full BAS and who are not in basic training.

I. Supplemental Subsistence Allowance. The supplemental subsistence allowance is a per meal payment that when added to the enlisted member's current BAS equals the RIKNA rate. Applies to enlisted members receiving Partial BAS for being subsisted in kind or receiving SEPRATS:

1. Whose assigned duties in a non-reimbursable status require them to be absent from their permanent station and/or their working hours or duties prevent them from eating certain meals in a government mess or require them to buy a meal or meals from other than a government mess; or

2. When proper authority determines that a government mess is in fact not available for part of a day. (Example: Mess is closed for reasons beyond the control of the installation commander, such as equipment failure.)

J. Field Duty. Service by a member when the member is subsisted in a government mess or with an organization drawing field rations and the member is serving with troops on maneuvers, war games, field exercises, or similar types of operations.

K. Sea Duty. Service performed by a member in a self-propelled vessel that is in an active status, in commission or in service, and is equipped with berthing and messing facilities.

2502 BAS POLICY AND DETERMINATIONS RESPONSIBILITY

250201. BAS-Policy.

A. Normally, enlisted members are subsisted in kind. For uniformity in making determinations, government messes available in the geographical area must be used to the fullest extent compatible with economy and efficiency.

B. Enlisted members on authorized leave, hospitalized, or performing travel (TDY/TAD or PCS) under orders away from their designated post of duty are entitled to full BAS at the SEPRATS rate for the duration of the leave, hospitalization, or travel status, regardless of the BAS rate authorized members at their permanent stations. Except during basic training, enlisted members are entitled to Partial BAS while in a travel status when not entitled to the meal portion of per diem because they are provided subsistence at no cost by the government (field duty, sea duty, group travel, essential unit messing, and annual training duty for Reserves). However, if the member becomes entitled to per diem or actual expenses because subsistence was not provided by the government at no cost, then the member regains entitlement to SEPRATS. Determinations of essential unit messing made by the Secretary concerned are in individual Service regulations. A member is not considered to be performing travel (TDY/TAD or PCS) under orders away from his/her designated post of duty (undergoing processing) if such member:

1. Is a non-prior service enlisted member serving on a first tour of active duty;
2. Has not actually reported to a permanent duty station pursuant to orders directing such assignment, and
3. Is not actually traveling between stations pursuant to orders directing a change of station.

NOTE: A member who has, under travel orders, departed (or been detached from) the station where the member received orders designating his/her first permanent duty station is considered to be actually traveling and is, therefore, entitled to SEPRATS. This includes periods of TDY/TAD en route to the first permanent duty station.

C. Separate Service regulations may permit commanders (including enlisted commandant of the non-commissioned officer (NCO) Academy) to grant authorization to mess sepa-

rately to enlisted members, not included in paragraph 250204, based on two factors such as: location of a member's residence, specialized duties, working hours, dining hall capacity, or distance to the mess hall. These factors are guidelines and should not be construed as all-encompassing. Additional extenuating factors deemed appropriate by commanders (including enlisted commandant of the non-commissioned officer (NCO) Academy) may also be considered. Each application should be considered on its own merit.

D. When members of one or more Service perform duty under similar conditions at installations or are assigned to activities within the same area, the commanders will confer to ensure uniform determinations on the authorization of BAS. If commanders of more than one Service cannot agree on a uniform BAS rate, the senior officer within the area will report the differences, fully documented, through channels to the Secretary of Defense.

E. When members of more than one Service perform duty at an installation, the installation commander makes the BAS determinations. Such determinations are binding on all personnel of the DoD performing duty at that installation.

F. Enlisted members carried in a missing status are entitled to full BAS at the SEPRATS rate. (See subparagraph 340302.)

G. Military members may not receive a full BAS and meals or rations at no charge for the same period of service. Members in receipt of any type of full BAS must pay for meals and rations. This is a personal obligation of the individual. The meals or rations may be paid for with cash, by payroll deduction or by collection from travel claims. Meals or rations provided through appropriated fund dining facilities will be paid for or charged at the rate set for such facilities by the Department of Defense Comptroller. Meals or rations provided to officers on behalf of the government will be charged at the full BAS rate for officers. Enlisted members will generally be subsisted in kind when provided meals or rations on behalf of the government, otherwise they will be charged at the SEPRATS rate. Except during basic training, enlisted members are entitled to Partial BAS when subsisted in kind. Meals furnished by commercial air carriers (including AMC charter flights) are not meals furnished by a Government mess or on behalf of the Government.

250202. Determinations of Duty Under Emergency Conditions. Authorizations for BAS at the EMRATS rate may be granted only with the approval of the Secretary of the department concerned, or Secretary's designee. This approval authority may not be redelegated.

A. Authorizations. Authorizations may be made for periods not to exceed 180 days. In approving original and subsequent authorizations, practicability and cost of establishing government messing or contract facilities must be considered.

B. Request for Approval. Requests for authorization approvals are submitted through channels to the applicable office below:

1. OASA, Deputy Chief of Staff for Personnel (ATTN: DAPE-PRR-C), 300 Pentagon, Washington DC 20310-0300.
2. Chief of Naval Operations, (ATTN: N-130), 2 Navy Annex, Washington DC 20370-2020.
3. HQ USAF/DPPC, 1040 Air Force Pentagon, Washington DC 20330-1040.
4. Commandant of the Marine Corps (MPP) Washington DC 20380-0001.

250203. Determinations of Nonavailability and Impracticability.

A. When a Government Mess Is In Fact Not Available. The installation commander will determine if rations in kind are not available for enlisted members performing duty at that installation.

B. When Location of Government Mess Makes Its Use Impracticable. Commanding officers will determine when the location of a government mess, in relation to members' posts of duty, makes its use impracticable. See paragraph 250201 and Table 25-2 for policy guidance and rules for making such determinations.

C. When Mission Prevents Use of Government Mess. A determination of impracticability may be made by the Secretary concerned or the Secretary's designee for enlisted members whose assigned duties are such that use of a government mess would adversely affect their mission. Address recommendations for such determinations to the office listed in subparagraph 250202.B.

D. When Duty Prevents Use of Mess. Commanders or their designees may determine if members' assigned duties or unusual work hours prevent the members from eating certain meals in a government mess. See Table 25-4, rules 5 and 6 for criteria.

250204. Authorization To Mess Separately. Separate Service regulations may provide automatic blanket authorization for enlisted members in pay grades E-7 and above and for enlisted members in pay grades E-1 and above who are residing with their dependents (except basic trainees). This includes members married to members, with no dependents, who reside together at the permanent station. In addition, members authorized single rate BAH are authorized to mess separately. Such authorizations are in effect continuously except as provided in paragraph 250302 or in the Service regulations.

A. Army Members. Authorization to mess separately will be made in accordance with AR 210-10 (reference (am)).

B. Navy and Marine Corps Members Authorization to mess separately will be made in accordance with the Naval Military Personnel Manual (reference (an)) or the current edition of Marine Corps Order 10110.33 (reference (ao)).

C. Air Force Members. Authorization to mess separately will be made in accordance with DFAS-DE 7073.1-M and DFAS-DE 7073.2-M (reference (ap)).

250205. Review of Determinations. Review of all determinations, except those pertaining to members who have been authorized to mess separately, must be made annually or when conditions to entitlement change, or more frequently if necessary pursuant to paragraph 250202 and subparagraphs 250203.A and B. Review is to ensure compliance with the policies outlined in this section. When review shows that existing determinations fail to meet requirements, they will be canceled.

250206. Determination of BAS During Contingency Operations. When members of one or more military Service perform duty under similar conditions within the same area of operations, as defined by the Joint Staff or Theater Commander in Chief, or are assigned to activities within the same area, the Joint Theater Commander will make a uniform determination on the authorization of basic allowance for subsistence. For uniformity considerations, government mess available in the geographic area must be used to the fullest extent compatible with mission, economy, and efficiency. The impact on BAS during contingency operations depends on the type of orders issued and whether the member is assigned to a unit on land or afloat.

250207. Determination of BAS During Non-Contingency Operations. When members are temporarily assigned to a Joint Task Force (JTF) performing duty under similar conditions within the same area of operations, the CINC, or the JTF commander will determine the appropriate type of temporary duty and TDY/TAD orders to be issued by all Military Services, after consultation with the Service component commanders.

2503 CONDITIONS OF ENTITLEMENT

250301. Officers. Generally, officers are entitled to BAS regardless of grade or dependency status. Compute this allowance by the month, as for basic pay. See Table 25-1 for specific conditions of entitlement.

250302. Enlisted. Enlisted members are entitled to BAS on a daily basis. See tables 25-3 and 25-4 for specific conditions of entitlement.

A. Limitation. Authorization to mess separately cannot cover retroactive periods. However, this does not prevent payment of SEPRATS from the time of an oral authorization by proper authority if the oral approval of the member's request is promptly confirmed in writing.

B. Duration of Authorization To Mess Separately. Once approved, these authorizations remain in full force under the following conditions unless sooner terminated by approving authority:

1. While the member's permanent, temporary duty, or temporary additional duty station, as applicable, remains unchanged.
2. While member is on leave or hospitalized.

3. While performing travel under orders in connection with TDY/TAD, PCS, hospitalization, or convalescent leave.

4. Upon discharge or retirement and reenlistment or recall to active duty at the same station within 24 hours.

C. When Government Mess Is Not Available. Entitlement to BAS at the RIKNA rate continues during weekends, holidays, administrative absence, pass, or liberty.

D. Subsistence Allowance-Shore Patrol Duty. A member on sea duty who is assigned to temporary shore patrol duty is performing duty under orders away from their permanent duty station (PDS). They receive BAS as for other members on temporary duty. If they receive per diem or reimbursement for meals under the JFTR they are also entitled to BAS at the SEPRATS rate. A member on shore duty performing shore patrol duty in the area of the PDS will be entitled to BAS based upon the same factors used for others performing duties in the vicinity of the PDS.

250303. Prorated and Supplemental Subsistence Allowances.

A. Any change among BAS types (see paragraph 250101A) or between full BAS and subsistence in kind, caused by a status change which extends beyond a single day, shall be credited on a full day basis without being prorated. The appropriate full day entitlements are as follows:

1. An enlisted member shall be entitled to BAS at the SEPRATS rate for any day they are under orders for leave, travel (for which reimbursement for subsistence cost is allowed under the JFTR) or hospitalization. This includes the day of commencement and day of termination of the status under those orders.

2. An enlisted member assigned to sea duty, field duty, essential unit messing or group travel, shall be entitled to Partial BAS for full days in such status. The day they enter and the day they terminate status in such categories, they shall be entitled to a full day of BAS at the rate to which they are otherwise authorized.

3. An enlisted member who changes BAS status (to include termination) at the direction or under permission/direction of a commander, under blanket authority, or at their own request; shall have the entitlement change take effect at the beginning of the day specified.

B. BAS will be supplemented only for individual meals which are missed or not available due to impracticability, duty requirements, or temporary dining facility closure.

2504 BAS RATES

250401. Current rates for full and Partial BAS are in Table 25-5.

250402. Current rates for supplemental BAS are in Table 25-6.

2505 MEAL COLLECTION RATES

250501. Collections from pay, for meals and rations provided by the government or on behalf of the government, will be credited to the subsistence subhead of the Military Personnel appropriation which funds the Service APF dining facilities.

250502. Current rates for meal collections are in Table 25-7.

NOTES:

1. Time and cost factors need not be applied for the noon meal when enlisted member's place of duty is not a military or naval installation.
2. A member is not entitled to BAS at the rations in kind not available rate during periods of leave, hospitalization, or travel status.

An enlisted member is not entitled to full BAS if furnished meals without charge.
- Members receiving overseas station per diem allowance may continue to receive such in addition to BAS while on leave outside the United States, or in Alaska, or Hawaii.
- Enlisted members receiving BAS forfeit 1 day's BAS for each day of unauthorized absence.
- Members will pay for meals eaten in a Government mess, or furnished by the hospital, either by cash or by collection from pay in accordance with the regulations of the Service concerned.
- If sentence to confinement is later disapproved or set aside, BAS is not payable for the period of confinement because the member was subsisted at Government expense.
