

Mr. Thomas (TJ) Granito

Office of Environmental Management – (CG-47)

Mr. Granito has worked a progressive series of environmentally focused positions at U.S. Coast Guard Headquarters for the past 28 years as an Environmental Scientist and Environmental Protection Specialist. He currently manages the CG's Environmental Compliance and Env Mgmt System (EMS) Programs, which include developing policy, procedures and ensuring compliance with an expanding series of environmental laws, regulations and Executive Orders and is heavily evolved in the CG's recent Modernization efforts—specifically in coordinating the realignment of and establishing an improved comprehensive CG-Wide

environmental management and planning program. He serves CG's subject matter expert/advisor on a number of internal and external teams and workgroups dealing with environmental issues linked to operational and support activities as well as representative on various interagency workgroups dealing with EMS compliance, EPCRA/HAZMAT, P2 and training issues. He is active as CG rep on a number of environmental committees and workgroups for the recently promulgated EO 13423. He also is CG's delegate and voting member to the Joint Interservice Environmental Education Review Board (ISEERB) and the HQ POC for the Strategic Environmental Research and Development Program (SERDP), both of which provide cost-free benefits to the CG.

He holds MS degrees in both Physical Sciences (University of Scranton) and Environmental Systems Management, (American University, Wash DC), and a BS in Biology from the University of Scranton.

Awards: 2008 White House Closing the Circle Award – Leadership in Federal Environmental Stewardship – EMS Metrics Wkpg
