MEMORANDUM FOR: Under Secretary of Defense for Acquisition, Technology
and Logistics
Director, Defense Information Systems Agency
Director, National Security Agency

Subject: DOD Public Key Infrastructure (PKI) Operational Requirements
Document (ORD)

1. The Joint Requirements Oversight Council (JROC) reviewed and approved the PKI ORD and validated the Key Performance Parameters (KPPs). The JROC considers the KPPs as essential to meet the PKI mission need.
2. The JROC requests the National Security Agency conduct modeling and analysis of PKI bandwidth and time requirements. Upon completion of study, return to the JROC with an estimate on performance costs associated with implementing PKI.
3. The JROC requests the Defense Information Systems Agency brief the current status and road ahead for global directories. This facilitates the best course of action to ensure resolution of outstanding issues regarding requirements for directories used by applications, including PKI.
