

Fact Sheet

United States Air Force

Secretary of the Air Force, Office of Public Affairs, Washington, D.C. 20330

INFORMATION OF UFOs

Thank you for your request for information on the Air Force's investigation of unidentified flying objects, or UFO's.

The Air Force investigation of UFO's began in 1948 and was known as Project Sign. Later the name was changed to Project Grudge, and in 1953, it became Project Blue Book. Between 1948 and 1969 we investigated 12,618 reported sightings.

Of these sightings, 11,917 were found to have been caused by material objects (such as balloons, satellites, and aircraft), immaterial objects (such as lightning, reflections, and other natural phenomena), astronomical objects (such as stars, planets, the sun, and the moon), weather conditions, and hoaxes. As indicated, only 701 reported sightings remain unexplained.

On December 17, 1969, the Secretary of the Air Force announced the termination of Project Blue Book. The decision to discontinue UFO investigations was based on an evaluation of a report prepared by the University of Colorado entitled, "Scientific Study of Unidentified Flying Objects;" a review of the University of Colorado's report by the National Academy of Sciences; past UFO studies; and the Air Force's two decades of experience investigating UFO reports.

As a result of these investigations, studies, and experience, the conclusions of Project Blue Book were: (1) no UFO reported, investigated, and evaluated by the Air Force has ever given any indication of threat to our national security; (2) there has been no evidence submitted to or discovered by the Air Force that sightings categorized as "unidentified" represent technological developments or principles beyond the range of present day scientific knowledge; and (3) there has been no evidence indicating that sightings categorized as "unidentified" are extraterrestrial vehicles.

With the termination of Project Blue Book, the Air Force regulation establishing and controlling the program for investigating and analyzing UFOs was rescinded. All documentation regarding the former Blue Book investigation was permanently transferred to the Modern Military Branch, National Archives and Record Service, 8th and Pennsylvania Avenue, Washington DC 20408, and is available for public review and analysis.

On December 17, 1969, the Secretary of the Air Force announced the termination of Project Blue Book. The decision to discontinue UFO investigations was based on an evaluation of a report prepared by the University of Colorado entitled, "Scientific Study of Unidentified Flying Objects;" a review of the University of Colorado's report by the National Academy of Sciences; past UFO studies; and the Air Force's two decades of experience investigating UFO reports.

As a result of these investigations, studies, and experience, the conclusions of Project Blue Book were: (1) no UFO reported, investigated, and evaluated by the Air Force has ever given any indication of threat to our national security; (2) there has been no evidence submitted to or discovered by the Air Force that sightings categorized as "unidentified" represent technological developments or principles beyond the range of present day scientific knowledge; and (3) there has been no evidence indicating that sightings categorized as "unidentified" are extraterrestrial vehicles.

With the termination of Project Blue Book, the Air Force regulation establishing and controlling the program for investigating and analyzing UFOs was rescinded. All documentation regarding the former Blue Book investigation was permanently transferred to the Modern Military Branch, National Archives and Record Service, 8th and Pennsylvania Avenue, Washington DC 20408, and is available for public review and analysis.

In 1977, President Carter asked the National Aeronautics and Space Administration (NASA) to look into the possibility of resuming UFO investigations. After studying all the facts available, NASA decided that nothing would be gained by further investigation. The Air Force agrees with that decision. If, however, firm evidence is found justifying further investigation, an appropriate agency will be directed to undertake the effort.

There are a number of universities and professional scientific organizations such as the American Association for the Advancement of Science, which have considered UFO phenomena during periodic meetings and seminars. In addition, a list of private organizations interested in aerial phenomena may be found in Gale's Encyclopedia of Associations. Such timely review of the situation by private groups insures that sound evidence will not be overlooked by the scientific community.

For further reference material, two documents are available from the National Technical Information Service, U.S. Department of Commerce, 5285 Port Royal Road, Springfield, VA 22161.

UFO SIGHTINGS BY YEAR		
YEAR	TOTAL	UNIDENTIFIED
1947	112	12
1948	156	7

AERIAL PHENOMENA STUDY ORGANIZATIONS

SOCIETY FOR THE INVESTIGATION OF THE UNEXPLAINED
Box 265 Phone: (201)842-5299
Little Silver, NJ 07739

Organized "for the acquisition, investigation and dissemination of information on reports of all tangible items in the fields of chemistry, astronomy, geology, biology and anthropology, that are not readily explained." Encourages field work and on-the-spot investigation by offering advice and arranging contacts for members who are planning field trips and expeditions. Field work and research are reviewed by a panel of 15 scientists. Disseminates information on findings through its quarterly journal. Society members have currently investigated Lee Bess-type creatures in North America, UFO's, Bigfoot, Bermuda Triangle, cattle mutilations, ghost and poltergeist manifestations. The Society maintains information files of original material, a map collection and a specialized library.

PROJECT STARLIGHT INTERNATIONAL
P.O. Box 5310 Phone: (512)458-2031
Austin, TX 78763

To gather and disseminate a broad range of instrumented UFO hard data to the scientific community. Utilizes magnetometers, a gravimeter, spectrometer, radar, laser-telescope-videx system and other electronic and optical systems for recording physical effects, optical images and location of UFOs. Upon a UFO sighting, the ARGUS system (Automated Ring-up on Coordinated UFO Sightings), now under development, will begin "UFO-event sharing," an automated telephoning of all volunteers (laymen, engineers, scientists), using several lines simultaneously, so they may locate the UFO, acquire photos, notes and data. Maintains a specially equipped mobile laboratory unit.

AMALGAMATED FLYING SAUCER CLUBS OF AMERICA
P.O. Box 39 Phone: (714)365-1181
Yuca Valley, CA 92284

"Worldwide research organization with members in all 50 states and in 23 foreign countries to inform the general public about the reality of flying saucers (extraterrestrial spacecraft piloted by advanced men and women from other planets and star systems) and of their plan for imparting their advanced knowledge to the people of the Earth in order to resolve present world problems." AFSCA serves as a source of "contactee-oriented" flying saucer information, including books, photographs, "contactee" reports, and space tapes ("tapes recorded messages from space people").

NATIONAL INVESTIGATIONS COMMITTEE ON UNIDENTIFIED FLYING OBJECTS
7970 Woodman Ave., Suite 207 Phone: (213)781-7704
Van Nuys, CA 91402

Individuals interested in investigating "the truth concerning UFOs and associated phenomena." Probes UFO reports and relates findings to governmental agencies and the general public via the press, radio, television and newsletters. Holds seminars; produces and distributes books and cassettes. Bestows awards. Maintains library of 1700 volumes.

NATIONAL INVESTIGATIONS COMMITTEE ON UNIDENTIFIED FLYING OBJECTS
7970 Woodman Ave., Suite 207 Phone: (213)781-7704
Van Nuys, CA 91402

Individuals interested in investigating "the truth concerning UFOs and associated phenomena." Probes UFO reports and relates findings to governmental agencies and the general public via the press, radio, television and newsletters. Holds seminars; produces and distributes books and cassettes. Bestows awards. Maintains library of 1700 volumes.

SPACE AND UNEXPLAINED CELESTIAL EVENTS RESEARCH SOCIETY
P.O. Box 2229 Phone: (304)269-2719
Clarksburg, WV 26301

Persons interested in UFOs (unidentified flying objects, popularly called flying saucers). Sponsors monthly lectures in New York City and speeches to colleges and other institutions throughout the United States. Conducts research. Maintains library of several thousand UFO books and periodicals.

NATIONAL INVESTIGATIONS COMMITTEE ON AERIAL PHENOMENA
One Bank St., Suite 307 Phone: (301)258-9066
Gaithersburg, MD 20760

Persons interested in aerial phenomena, particularly identified flying objects (UFOs); panel of advisers includes scientists, engineers, aviation experts, clergymen, retired military officers, and professors. To gather, analyze, evaluate, and disseminate reliable information on aerial phenomena. Promotes scientific investigation. Provides bibliographic and source materials to students, exchange data to scientific societies and individual scientists, and semi-technical reports to scientists, Congress and the press. Maintains large library on aerial phenomena, astronomy, and collection of magazine articles, newspaper clippings, letters and other documents.

GROUND SAUCER WATCH
13238 N. Seventh Dr. Phone: (602)942-7216
Phoenix, AZ 85029

Scientists, engineers, professionals and educated laymen interested in taking scientific action to resolve the controversial elements in UFO reports. Objectives are: to provide an accessible outlet for all interested persons who wish to report any aerial phenomena experiences without fear of ridicule or undue publicity; to "edify a confused media" with factual press releases, lectures, conferences and interviews; to research and evaluate all UFO cases to which scientific criteria can be applied and analyzed with the use of specialized talents and instrumentation; to continue to pursue legal action against the federal government with lawsuits and Freedom of Information Act requests for release of UFO materials; to bring forth the workable hypotheses and theories of UFO origin and the reasons for their continuing surveillance.

AERIAL PHENOMENA RESEARCH ORGANIZATION
3910 E. Kiandale Rd. Phone: (602)323-1825
Tucson, AZ 85712

Conducts investigations and research into the phenomenon of unidentified flying objects (UFOs) and to find a scientifically acceptable solution to this phenomenon. Has special representatives in over 50 countries. Uses services of over 88 staff consultants in fields ranging from biochemistry to astronomy. Maintains computer-accessed library of monographs and publications from all over the world. Jointly produces public UFO exhibit located in the IDS Center, Minneapolis, MN.

INTERNATIONAL PORTALS ORGANIZATION
7317 Baltimore Ave. Phone: (301)779-1873
College Park, MD 20740

Scientists, scholars and laymen concerned with new and unusual scientific discoveries, philosophic problems pertaining to the criteria of scientific validity and theories of knowledge. Maintains library of 5000 volumes in the physical, biological and psychological sciences. Named after Charles Mey Fort (1874-1932), an American journalist who was interested in researching and documenting unusual and unexplained natural phenomena.

VESTIGIA
54 Brookwood Road Phone: (201)387-3836
Stanhope, NJ 07874

Scientists, engineers, technicians, and interested individuals. Established to investigate and conduct research into unexplained scientific phenomena. Trains members in investigative techniques; supplies speakers to universities and organizations. The group's name is the Latin word for "investigate," which, in itself, means "footprint." Sponsors charitable program. Maintains library and biographical archives; compiles statistics.

UFO INFORMATION RETRIEVAL CENTER
9652 N. 31st Ave., CT Phone: (602)997-1523
Phoenix, AZ 85021

To collect, analyze, publish and disseminate information on reports of unidentified flying objects. Compiles statistics; conducts research programs; maintains library, children's and students' services and speakers bureau.
